June 2022 Newsletter

Have you ever experienced a flat tire? We get so used to just climbing in our vehicles and going that we can get careless and forget to check our tires. But often, without our knowing it, our tire can "pick up" a nail or some other sharp object as we drive down the road. And then our tire begins to lose air and eventually go flat. But if we catch it in time, a deflating tire is not hard to fix. The sharp object has to be removed, and then a properly applied patch can repair the puncture, and then you're good to go.

On a similar note, have you ever experienced a spiritual flat? Does your walk with the Lord seem to be a little under-inflated? As we go through our daily lives, we will encounter all sorts of "sharp objects," like discouragement and disappointment, to name a couple. Satan will use that to deflate us and make us feel useless for the Lord. But the good news is that when we seek the Lord, we can be freed by His grace and power of any "sharp objects" that we have allowed to pierce our lives. God removes these imperfections, but His Grace also repairs the punctures and fills us with His Spirit. I hope and pray that your walk with the Lord is full and not deflated.
